

Coalition des amputés du Canada
Amputee Coalition of Canada

The Amputee Coalition of Canada was created to improve quality of life of persons with limb loss in their communities by providing education and opportunities to gain skills, lessons and coping techniques that increase confidence, connectedness, and sense of belonging.

OUR GOAL... Your Continued Success

Through the Amputee Coalition of Canada, persons with limb loss are educated on how best to engage in social and physical activities following amputation and how to incorporate these activities into their lives.

The Amputee Coalition of Canada relies on structured and validated programs, with the involvement of persons with amputation, to encourage a culture of support, networking, and active participation in life following limb loss.
